ASSESSMENT OF COSTS – REASONS

MICHELLE LAMY, ASSESSMENT OFFICER

[1] This is an assessment of costs pursuant to the judgment by default dated February 13, 2006, on the plaintiff's motion *ex parte*. Under the circumstances, I am prepared to proceed with the assessment of its bill of costs based on the proceedings in the record.

[2] In light of the criteria set out in subsection 400(3) of the *Federal Courts Rules*, the fees are set in the amount of \$1,242.27 (\$1,080 x GST/QST) for the following services: items 1 (4 units), 4 (2 units), 25 (1 unit) and 26 (2 units). As this was an action to recover about \$5,000, and as the matter was never contested, I award the minimum number of units provided under column III of Tariff B for each of the services requested. Also, there will be no compensation awarded

under item 7 because there was no discovery of documents in this matter within the meaning of section 222 et seq. of the Rules.

[3] Disbursements in the amount of \$89.53 incurred for photocopying and service fees are approved as requested.

[4] For these reasons, the plaintiff's costs are assessed and allowed in the amount of \$1,331.85. A certificate is issued for that amount.
